Ordering Quantity:

> LINERS 105, 102, and 84 ARE DISCONTINUED FOR PREBOOK - These liners are currently being phased out, but may appear on Weekly Excess. They will no longer be available once sold out.

> Our plants are grown in Split 102 Liners. Each liner contains 51 plugs and are 1" hex in size.

> Minimum quantity to order is 50 plugs per plant variety.

> Liner prices are based on the nearest tenth integer, meaning the additional 1 plug in a Split 102 is not charged.

We offer Prebook and Excess availability throughout the year!

Secure your plants for your next growing season with our Organic Cell Pack Herbs Prebooking Program.

Prebooking & Early Order Discount (EOD):

> Placing your prebook in advance may grant you a discount on your order.

> EOD orders must be placed by October 15, 2026, for shipment January 5 to June 22, 2026.

> Minimum order required to receive EOD is 1,200 plugs per ship date. That is 24 - Split 102 Liners.

EOD Guide:

\$1.00 off per 100 plugs on orders of 1200 plugs.

\$1.50 off per 100 plugs on orders of 1300 to 4000 plugs.

\$2.00 off per 100 plugs on orders of 4100 plugs or more.

****Early Order Discount is applied to the final invoice****

Prebooking:

> Prebook orders are orders placed in advance of your growing season.

> Your order is put into production 12 full weeks ahead of your selected ship date to ensure optimal size for shipping and transplanting. The 12 week lead time is required. Therefore, orders submitted with ship dates sooner than the required lead time cannot be confirmed.

> Late February to early April is our most popular shipping time of the year and we usually sell out before October 31st. Aside from the EOD opportunity, ordering early ensures your highest chance of receiving your plants within your time frame. If an order is placed for a week that is sold out, we will move it to our next available date and note the change on your acknowledgement.

****Order changes and cancellations cannot be accepted once items are in production****

Weekly Excess Availability:

> Excess Availability is a weekly inventory dependent on extras from Prebook sales.

> Excess Availability is available to ship the following week only.

> You may opt-in for email alerts to notify you when our availability goes live. You may request to be added by emailing orders@hillcrestnursery.com

****During peak season (weeks 9-15), we may not have an Excess Availability due to our shipping capacity being reached. In this event, there will not be an Excess Availability offered.****

How to Order:

> Prebooking and Excess orders can be placed online, under their respective tabs.

> You will need shipping and billing info, and payment information upon placing your order.

> If you already have an account, please ensure all information, including credit cards, are up to date.

> If unable to place an order online, you can email it to orders@hillcrestnursery.com

Plant Tags:

- > Plant tags are available for \$8.00 per bundle of 50.
- > A restocking fee of 5% will be charged if tags are cancelled from an order.
- > Tags are required for patented herbs with a royalty charge.
- > Tags may not be available for all items.

Shipping & Freight:

- > Freight is determined based on location and your preference.
- > We ship via UPS and FedEx. Air Cargo Collect is available under select circumstances.
- > Customer pick-up is available Tuesday-Friday with notice to our office.
- **During extreme temperatures we reserve the right to delay shipping until safe for shipment of plant material****

Additional Charges:

- > Boxing charge: \$8.00/box
- > Drayage Charge to Airport: \$5.50/box
- > Winter boxing is required in the case of extreme cold or weather conditions that would result in unhealthy plants upon delivery.
- Winter Boxing: \$6.00/box

Need to Know:

- > Upon placing your order, you will receive an acknowledgment from plantpartner@hillcrestnursery.com
- > This is your notice that we have received your order and it has been put into production. You may receive more acknowledgments if we need to make revisions or other changes to your ship date, back-ordered items, etc.
- > All emailed documents are expected to be read carefully, to ensure any adjustments are understood and accepted by the customer.
- > If there has been a change that cannot be accepted, please email orders@hillcrestnursery.com or call our office at 1.800.452.4032

****We reserve the right to monitor weather conditions and hold orders to ensure plant survival upon delivery****

Quality Issues & Claims:

- > Initial claim via email is necessary within 24 hours of delivery. Email to: orders@hillcrestnursery.com
- > This must be accompanied with photos of all claimed plant material and Hillcrest liner tags, clearly showing any damage to your plants upon delivery.
- > Our claims protocol requests you transplant what you can, and follow up with a total loss of plugs.
- > The final claim, with your total loss of plugs, must be made no later than two weeks after the shipments delivery date. The total loss of plugs determines the correct amount of credit/replacements you will receive.
- > Once the claim has been approved, a credit memo will be issued or you may request replacements.
